

I have no intrest in the thoughts of NAB which I have been aware of for somewhere over 10 years going back to my video production days... I will be very upset and angry with the FCC/whoever if they interfere with a service that i am paying for simply to help other companies earn more money... I find this to be un-fair compitition and I will do everything in my power to make sure that anyone that approves this is removed from office and the policy changed back... furthermore I will start an investigation to see if money passed hands or if money was gained in any other way ie: stocks, etc... I have no intrest in playing with you and I suggest you leave my service alone...
